

Caulfield Centre SMR XC Challenge Entry

Please hand completed entry to the Caulfield Table that will be set up on the 6th or 13th June @ bayside xc

The SMR XC Challenge is being held on Saturday June 27.

It will be held Penbank School – Mornington-Tyabb Road, Moorooduc Melways Ref: 146 F6
(Approximately 1 hr trip from Duncan Mackinnon Reserve.)

The event is open to all registered VLAA athletes and there is also an Open age group for older siblings and parents!

Each age group will have their own individual event of the normal distance they run weekly which you may enter at a cost of \$6 per athlete.

Within the individual age group events there are Team Relays. These relays are made up of the 1st 3 athletes from our centre in each age group that cross the line. (the team is not named it is simply the first 3 Caulfield athletes in each age group.) Their place in the race amounts to points ie Fred came 5th contributing 5 team points- Sam 8th = 8 team points and David 21st = 21 points..... Caulfield Team = 34 points. The teams are then ordered with lowest points 1st, and 3 sets of medals are awarded.

Also for the first time there is a ****Mixed Age Relay** event, we select athletes from each age group to enter the mixed age event. There are 2 events for boys and 2 for girls U9 to U12 and U13 to U15.

If you wish to be considered for this team, and are happy to run an extra race please nominate below.

Each Relay Team costs \$9. As always Relays are *nominated, and paid for by the Centre.

* If we believe your age group will have sufficient athletes with a reasonable chance on the day we will enter a team for your age group.

** Mixed Age Teams will be selected on availability of athletes willing to run the extra event.

Teams must wear full Caulfield Centre Uniform. Individual athletes not running as a team can wear full Caulfield Centre Uniform or Full Club Uniform, patches **MUST** be worn.

Entry Form

Insert total amount paid here \$ _____ enclosed

My child _____ would like to enter the SMR XC Challenge.
